PUBLIC LIBRARY

PLANT SWAP

Need a new plant?

Bring in a plant or plant cutting, and pick up a new plant for your collection!

Houseplants of all kinds are welcome as well as vegetable and flower seedlings.

PLANT SWAP GUIDELINES

- Please only bring pots that you are willing to part with!

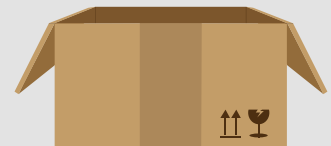

- Avoid bringing invasive species.

- Please make sure your plants are pest and disease-free.

- Label your plants with the names and include some care tips if you can.

- If you have a box, please bring it. We'll have a few but not enough for everyone.

- Please bring just a few plants (whatever you can carry).

We work on the honor system. For example, if you bring two plants, take two plants. We want there to be enough for everyone. Please wait until the end of the event to take extra items.
